

INDUSTRIAL STRENGTH DEGREASER

EcoLogo
Certified Hard Surface
Cleaner CCD-146

Biodegradable – Non-Toxic – Low VOC – Worker Safe – Phosphate-Free

The CERTIFIED Environmental Choice!

PRODUCT DESCRIPTION

Tuff 1™ Industrial Strength Degreaser is a premium quality, environmentally responsible cleaner specifically designed to remove oil, grease and grime from virtually any hard surface. **Tuff 1™** is a highly effective concentrated cleaner which can be diluted for multiple and varied cleaning demands. This makes **Tuff 1™ Industrial Strength Degreaser** both versatile and economical.

Tuff 1™ is safe and effective for use on concrete, asphalt, metal, wood, plastic, vinyl and fiberglass. This degreaser is biodegradable, non-toxic, phosphate-free, worker safe with a low VOC (Volatile Organic Compound). **Tuff 1™** is great for cleaning industrial facilities & equipment, tools & parts, concrete, tile and linoleum floors, automobile engines, commercial kitchen vents & appliances, and underground parking--to name a few examples. **Tuff 1™ Industrial Strength Degreaser** does not use harsh or toxic chemicals, or give off toxic fumes. **Tuff 1™** is a water-based cleaner, non-flammable, non-toxic, and safe to handle and use.

Tuff 1™ Industrial Strength Degreaser has been used successfully in many industrial and commercial settings, such as institutions, transportation and marine facilities, where environmental safety and responsibility is a concern. This degreaser works exceptionally well in parts washers, floor scrubbers, and pressure washing systems. **Tuff 1™** is "EcoLogo™ Certified" by Terra Choice's Environmental Choice Program, a licensee of Environment Canada. "EcoLogo™ Certification" means that **Tuff 1™ Industrial Strength Degreaser** has met the most stringent standards and testing by third party verification.

Tuff 1™ provides maximum cleaning effectiveness with minimal environmental impact.

CLEANING USE	TUFF 1™/ Water RATIO
