

EVERYTHING INDOOR™ Multipurpose Cleaner

Kitchens, Bathrooms, Stainless Steel, Carpets & Laundry Stains

EcoLogo

Certified Hard Surface
Cleaner CCD-146

The CERTIFIED Environmental Choice!

Tuff 1™ Everything Indoor™ Multipurpose Cleaner is a premium quality, powerful multipurpose cleaner which can be used on virtually any surface in the home. **Everything Indoor™** is particularly effective for cleaning showers, bathtubs and stainless steel fixtures. Soap scum on tubs and bathroom tile is easily removed with **Tuff 1™**.

Tuff 1™ removes even heavy kitchen grease and grime from overhead vents and stove tops. **Tuff 1™ Everything Indoor™** dissolves burnt food from pots and pans and barbecue grills, yet is gentle enough to use on stainless steel appliances or sealed stone countertops. Removing stains from carpets or color fast laundry is another use for **Tuff 1™**.

Tuff 1™ Everything Indoor™ has a low Volatile Organic Compound (VOC) level, which means virtually NO toxic fumes. This feature creates a healthier environment for people, pets and plants. **Everything Indoor™** is NOT classified as an irritant, making this product especially "user-friendly" for those with respiratory or skin sensitivity conditions. **Everything Indoor™** does not use any harsh toxic chemicals or give off any harmful toxic fumes. **Tuff 1™** is completely safe.

Tuff 1™ Everything Indoor™ meets the highest environmental standards. **Tuff 1™ Everything Indoor™** is "EcoLogo Certified" by Terra Choice's "Environmental Choice Program," a licensee of *Environment Canada*.

"EcoLogo Certification" means that **Tuff 1™** has met the most stringent standards and testing by third party verification. This symbol helps consumers FIND and TRUST the world's most sustainable products.

Today's retail marketplace is crowded with cleaning products claiming to be environmentally friendly, non-toxic, biodegradable, phosphate-free, and chlorine-bleach free. **Tuff 1™** is all that and more.

Tuff 1™ Everything Indoor™ Multipurpose Cleaner provides maximum cleaning effectiveness with minimal environmental impact.

Make the environmentally safe and responsible choice today!
